

These measurements will leave a  $1/8$  gap

Original hole spacing –  $1 \frac{5}{8} \times 2 \frac{3}{4}$  (hole centres)

New wheels spacing –  $1 \frac{3}{4} \times 3$  (hole centres)

Using  $5/16$  bolts – please punch  $3/8$  holes

I will use round file to move holes to fit old spacing on 2 holes

Qty = 6 of each
